PYTHON FULL STACK DEVELOPER

With a passion for Python, I've crafted full-stack applications using Django and frontend technologies like HTML, CSS, and JavaScript. I also integrated live chat features to boost user engagement, managed codebases seamlessly, and optimized database performance. With my troubleshooting skills and API expertise, I ensured smooth communication between systems, leading with collaboration and innovation.

STRENGTHS AND EXPERTISE

Python
Django
API

HTML / Bootstrap
Javascript
AWS Hosting

Database
SQL Queries
ORM

PROFESSIONAL EXPERIENCE

Foxdale Pvt. Ltd | Trivandrum

Python Developer

2023 Sept - Present

As a Python developer I ensured our applications were solid by overseeing code development and testing.

Accomplishments:

- Successfully developed and tested Python applications, ensuring they were reliable and robust.
- Integrated live chat features, enhancing user engagement and improving support capabilities.
- Managed codebases efficiently, making the development and deployment process seamless.
- Optimized database performance, resulting in improved application efficiency and data integrity.
- Used troubleshooting skills and API expertise to ensure smooth communication between systems.
- Managed Git environments to streamline version control and deployment.

Trinity Software Technologies | Trivandrum

Junior Python Developer

September 2022 - August 2023

As a Python developer, I thrived on crafting code, managing databases, and troubleshooting website issues. I also supported our team leader in website creation, especially in frontend development .

Accomplishments:

- Managed databases with precision, guaranteeing data integrity and optimal performance.
- Troubleshot website and application issues with agility, enhancing user satisfaction and minimizing disruptions.
- Consistently delivered solutions that met both technical requirements and user needs, ensuring our projects were top-notch every time.
- Crafted robust codebases, ensuring our applications ran smoothly and efficiently.

Ashok Leyland | Hosur Chennai
